

Curriculum Intent

Subject: Child Development

Year 9

The aim of year 9 is to provide a crucial knowledge overview across each of the units studied in the Cambridge National Level 1/Level 2 Qualification. In addition to this key skills required for success in internal assessments such as research and referencing are taught and embedded. Assessment and recap is used to identify student progress, prepare students for formal assessment in years 10 and 11 and to identify and address gaps in crucial knowledge.

Opportunity for recap: Opportunities for recap will be utilised throughout the year using whole school directed recap, recap tasks at the end of each lesson to consolidate learning from previous lessons, topic areas and units, following assessments where gaps are identified and using weekly out of lesson recap tasks.

	What?	Why?
Term 1-1	Introduction to Child Development <ul style="list-style-type: none"> - Course structure and learning journey - Expectations - Course Grading - Use of crucial knowledge and OneNote - Careers/post 16 links Unit R057 Crucial Knowledge Intro 8 lessons covering the crucial knowledge of the 4 topic areas in this examination unit.	<p>To give students an understanding of what they will study, why and when.
