The House System in Schools

The **house system** is a traditional feature of schools in England, originating in England. The practice has since spread to Commonwealth countries, the United States and even Harry Potter!

At CCSC The four houses are

Bannister (yellow), Elgar (green),
Newton (red), Shakespeare (blue)

and pupils wear ties with stripes in the house colour.

Bannister House is named after Sir Roger Bannister, distinguished sportsman and scientist, famous for running the first sub 4-minute mile.

Elgar House is named after Sir Edward Elgar, the famous composer.

Newton House is named after Sir Isaac Newton, early English physicist and mathematician.

Shakespeare House is named after William Shakespeare, poet and playwright

This year so far...

I work in a **hospital** and support adults who are being **abused** by their current partners, ex-partners or family members.

It varies a lot. I speak to people who **attend A&E** after being assaulted, I complete **risk assessments**, safety plans and offer advice and practical support. I work quite closely with a lot of different agencies - **Police**, Adult & Children's Social Care, GP's, **Schools**, Housing, **Mental Health**, Drug & Alcohol support **agencies**. Sometimes people **don't follow advice** and continue to stay in unhealthy relationships where they **risk being hurt**. I sometimes worry about patients or see them again when they or their children **have been hurt**.

I'm the **only person** doing this job in the hospital and when it gets really busy this can be **challenging**.

If you could choose another career, what would it be?

I still don't know what I want to be when I grow up. I think I would have enjoyed a career where I was **my own boss** and working with **horses** e.g. a farrier.

English & Maths

Y7 Parents Evening

Y7 parents evening is **THURSDAY 10th** please make sure you book a time with all your teachers so you know what time to expect a call. Y10s parents evening was a great success.

🐾🐾🐾 'Dictionary Dee's Pupdate' 🐾🐾🐾🐾

The pups are on the move! They opened their eyes for the first time on **Thursday** morning, and they're now **wobbling** about on their front paws like tiny drunk toddlers (not that toddlers should ever be drunk). At this stage, they are **experiencing sound and sight** which can be quite daunting for them. On **Wednesday night**, one pup decided that they hadn't quite finished their milk and managed to make it **out of the whelping box**. It took **Mrs Stephens** by surprise when she checked the cameras and saw the escape artist enjoying **exclusive access to Lola** on the kitchen floor!

8PF have been counting down the days to Xmas with their very own advent calendar.

Maisy E was the 1st lucky student!

Mr Kelsall's Did you know?

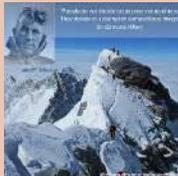

It has been scientifically proven that people cannot tell the difference between **Coca-Cola and Pepsi**.

They taste different because the bottles/cans make you expect them to taste different. Put them both in a plastic cup, get someone to mix them and you really can't tell.

Maths Challenge
Let youngest be x years old, second youngest is 2x and so on up to the oldest being 8x years old. So combined age is $36x$ ($x + 2x + 3x + 4x + 5x + 6x + 7x + 8x$), $612 \div 36 = 17$ so **youngest is 17** and **oldest is 8 x 17 = 136** years old
Brainteasers
Money, the future
Chess
Black queen moves to g3, this is check. The white pawn on f2 moves to g3 and captures the black queen. The black pawn on f4 moves to g3, captures the white pawn and delivers **checkmate!**

The highest mountain ranges are created by **tectonic plates** pushing together and forcing the ground up where they meet. This is how the mountains of the Himalayas in Asia were formed.

- The highest mountains in the UK are:
- 1344m- Ben Nevis in Scotland
 - 978m- Scafell Pike in England
 - 850m- Slieve Donard in Northern Ireland
 - 1085m- Snowdon in Wales

Before being the first man to climb Mount Everest (8848m) in 1953 Sir Edmund Hilary practiced by climbing Mt. Snowdon. He is quoted as saying:
"People do not decide to become extraordinary. They decide to accomplish extraordinary things."
