'To be the best you can be'

## Business Studies at CCSC

A permanent full-time post to deliver Enterprise & Marketing (Business Studies) has arisen in our expanding Vocational Studies department, suitable for an applicant that shares the same passion and enthusiasm for Business Studies and for our pupils' learning.

Business Studies is part of the successful, popular and expanding Vocational Studies department at Chesterton Community Sports College. Students at CCSC have the opportunity to study a range of vocational subjects including Business & Enterprise, Health & Social Care, Child Development, iMedia and Sport Science.

The department consists of a Head of Vocational Studies, individual subject leads and the expertise of staff across the school. We believe that Vocational Studies offer students the opportunity to develop knowledge and skills in industries which they have a genuine interest in and where they may choose to pursue a career. We pride ourselves on the delivery of lessons across the department and we work collaboratively to share the workload in creating outstanding, differentiated and engaging lessons across the KS4 options groups.

Each classroom is equipped with Apple TV and projectors which will link to your personal MacBook and iPad. In addition to this, all pupils enjoy the use of their own iPad, which can be incorporated into your lesson planning.

The department runs a range of enrichment opportunities such as career events, guest talks and work experience opportunities. In addition to this, booster classes are provided to further support the learning of students who opt to take a vocational subject.
