Famous and from Ches

MIKE PEJIC (1950- present)

Former **England** international **footballer**, who played for Stoke City, Everton and Aston Villa as well as working on the coaching staff at a number of clubs including Port Vale FC. He took up **taekwondo** at the age of 62 and now competes for Great Britain. In 2019 he became the **European champion** in his age group.

It should be no surprise that he has a Taekwondo Gym on London Road called '**Pejic Taekwondo Academy**'

Periodic Table of the Elements

So here is a question for you.....

"Which six elements make up most of the human body?"

Tell your Science teacher the answer and ask them a chemistry question for event logs!!!

The planet **Mars** was visible this week from many gardens. The Science team were all out in their homes trying to get the best photograph. Mr Freakley your Science technician captured it perfectly from his garden at **10:50pm on Wednesday 14th** .

You can see when other planets will be visible on this website.

Bishop Wilfred Wood (1936-present)

Mary Seacole (1805-1881)

Born in **Barbados** in 1936, Wilfred moved to London in 1962 where he served at

St Stephen's, Shepherd's Bush. He was the **Bishop of Croydon** between 1985-2003 and the **Church of England's first Black Bishop**. Throughout his ministry he worked on **race equality and social justice**.

Mary was born in **Jamaica** in 1805 and moved to England in 1854. She asked the war office if she could go to **help wounded soldiers** who were fighting in the **Crimean War** (1853 - 1856), but **she wasn't allowed**.

Mary didn't give up and **raised the money** needed herself. She then travelled to the **Ukraine** where she looked after **British soldiers** who had been injured

Ex Pupil @CCSC Cole Dunn Performing Arts

Hello! My name is **Cole** & I went to CCSC between **2006-2011**, so not quite when they still used blackboards but still before the invention of an iPad!

Since leaving school, I have pursued a career in performing arts, more specifically **musical theatre**. This is a career I have a huge passion for & hopefully some of you do too, it's also a **passion** that was nurtured brilliantly while I was at school.

At school I enjoyed a variety of different extra-curricular activities including being **captain of the school football team** and playing rugby & basketball. Performing arts was, however, where most of my **fun memories** at school were made.

The lovely **Miss Owen & Miss Flav** were fantastic at letting me explore my creative side through the school musicals, talent shows & even let myself & my (still best friend to this day) Martyn, put on our own **charity comedy event for Comic Relief**.

My GCSE options included Music & Drama & those subject choices then helped me secure a place at '**Jill Clewes' Academy for Theatre Arts**' to take my BTEC. This is a great place if you are interested in theatre and lots of pupils from CCSC have gone on to train there since I did. The course focuses on practical training to help students gain places at accredited **dance & drama schools** to study higher education.

They also help students who don't want to go directly down the drama school then university route and really help to build your **self-confidence**. It also puts on fantastic shows, classes and the **social life is great!** Before I started, I hadn't danced a day in my life but by the **time I moved to London**, I was confident in ballet, tap, jazz, musical theatre, voice, acting & singing and was ready to make the move to **higher education**.

There are **lots of drama schools** to choose from (some you can start at 16 but for others you need to be 18) and getting in is often a difficult process, you have to apply & pay for each audition, travel to auditions, go for recalls etc and schools are very popular. If you've got the **passion, drive & talent** then this shouldn't put you off but make sure to pick the one that's right for you!

I trained at a school called **Laine Theatre Arts**, where **Victoria Beckham** went **many moons ago**, & tried to perfect my craft there. The best thing any teacher ever said to me there is that a career as a performer is made up of '**high highs & low lows**'. No performer is ever completely in work and I've done lots of jobs just to keep my head above water but when you are performing, I promise it makes it all worth it!

Since leaving I've performed on **cruise ships**, **stages across the country**, **pantomimes**, **adverts** & I'm now currently doing the musical **Starlight Express** in **Germany** (in the German language so listen harder in MFL than I did & it may come in even more useful in your later years). In the future I hope to do a show that tours to The Regent Theatre in Stoke & invite the entire school along, as I wouldn't be anywhere near where I am today without the **patience of the performing arts staff at CCSC!**

With determination & passion for the arts then you will already have what it takes to forge a career in the same industry as me & I would love to see more performers coming out of areas like **Chesterton, Wolstanton, Bradwell & Crackley** to name a few.

Y11 Sports Science

Unit Deadline for (R042)
Principles of Training and
(R045) Nutrition in Sport

due **Thursday**

22nd October for Exam
Board Moderation.

Well done to two more of our
Y11 pupils who took part in the
Career Ready Programme during
Y10. Our mentors were very
impressed with their
engagement and enthusiasm.
We are proud of the both of
you!

Sports Star of the week!

Laci Lench (Y7) demonstrated superb
muscular endurance this week by performing the

'plank hold' for nearly **10 minutes** in
lesson this week; holding off competition from two
boys and **winning** the competition for **her team** in
the process!!!
