## RECOMMENDED READ

**HARRY POTTER and the PHILOSOPHER'S STONE** by J.K. ROWLING

Turning the envelope over, his hand trembling, Harry saw a purple wax seal bearing a coat of arms: a lion, an eagle, a badger and a snake surrounding a large letter 'H'.

Harry Potter has never even heard of Hogwarts when the letters start dropping on the doormat at number four, Privet Drive. Addressed in green ink on yellowish parchment with a purple seal, they are swiftly confiscated by his grisly aunt and uncle. Then, on Harry's eleventh birthday, a great beetle-eyed giant of a man called Rubeus Hagrid bursts in with some astonishing news: Harry Potter is a wizard, and he has a place at Hogwarts School of Witchcraft and Wizardry. An incredible adventure is about to begin!

Recommended Reads

Freddie Smith

**The Hitchhiker's Guide to the Galaxy**  
by Douglas Adams.

**A summary of the book**  
The book is a mix of comedy and science fiction. It's about the earth being destroyed to make way for the hyperspace express route but at the last second our main character Arthur Dent is teleported by his best friend Ford Prefect, who turns out to be an alien. We're then taken all across the galaxy with only our towels and a book inscribed 'don't panic'.

**What I liked about the book:**  
In the book I liked that it points out the future of AI in a comedic way, and how your house hold appliances will have emotions. I also like the fact that the book shows earth and the universe in another way than just being an infinite amount of darkness and stars.

**Who I would recommend the book to:**  
I would recommend the book to anyone that enjoys comedy and to anyone from the age of 11 to 16 as I think anyone before that age wouldn't have an interest in it.

**Rating:**  
I would give this book a 4 out of 5 as it has some parts I don't like but on the whole I enjoyed reading it.

Remember to send your reviews to your subject teacher and Miss Durrant!

# This weeks writing challenges

## Eid al-fitr

Eid al-fitr is a three day festival marking the ending of Ramadan- a month of fasting. Fasting is where Muslims don't eat or drink from dawn to sunset. Eid begins at the sighting of the new moon called the shawwal moon.

1.8 billion Muslims all over the world celebrate Eid. It is one of the most important days in the Muslim calendar and is a day of gratitude towards Allah.

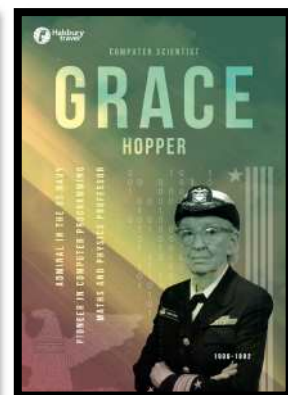

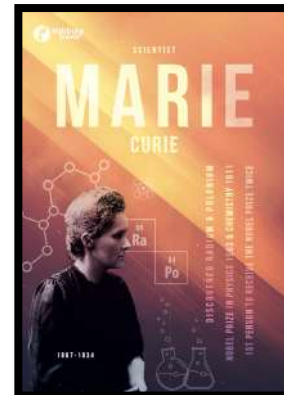

Zakat al-fitr is a donation where you give charity to the poor at the end of Ramadan. This is done to cleanse a muslim's soul out of any sins.

Eid al-fitr involved traditions such as relatives and friends gathering. Muslims take part in special prayers, wear new clothes and greet each other by saying 'Eid Mubarak', which means have a blessed Eid. Gifts are given to children and those in need.

Last week many of our Students celebrated Eid and here is Aafreen Ahmed poster she has designed.

Ocean Hancock , Bella Timmis have worked hard in S.P.A.G last week, Miss Meakin is very impressed. Also a huge welcome to Josh and Brad Boote, it is always nice to welcome new pupils to mentoring,

## Huge congratulations to our new Sports Captains.

Reaseheath  
College

**Name:** Tyra Pearson

**Dates attended:** 2012 – 2017

**Primary School:** Bradwell Primary

**Qualifications:** Level 3 in Animal Management

**Current Career:** Student

After leaving CCSC, I got my first part-time job at M&S which I kept throughout my first year of college and since my second year at college, I have worked part-time at Morrisons.

I studied Animal management Level 3 at Reaseheath College and have now gone on to study Zoology at the University of Chester.

I originally did a foundation year in Animal Behaviour and Welfare, but after a year decided it wasn't for me and swapped to Zoology. I am still in my first year of my course, however I am hoping to go onto working in a zoo education programme. I would also like to get my master's degree and go on to teach at a college.

## What is Crucial Knowledge?

At Chesterton Community Sports College, there is a real focus in lessons on developing pupils' **understanding and long-term memory of crucial knowledge** across all subjects. To further support and develop their learning and overall progress, subject teachers set a range of crucial knowledge quizzes each week to recap and embed the crucial knowledge learning that is taking place in the classroom. Our aim is to ensure that all pupils learn and remember the crucial knowledge from each of their subjects so that they can successfully apply it in context. The quizzes also aim to support pupils' confidence and engagement, as well as highlighting areas in their learning that need to be revisited.

All crucial knowledge quizzes and tasks are set on Microsoft Teams, Assignments. Each subject also has a 'Crucial Knowledge Bank' of quizzes that pupils can access and complete to recap their learning.

It was Animal Rescue at CCSC on Thursday. An injured pigeon found her way into the Year 7 Zone, quite happily socialising with the pupils. It was Archie Whitfield in year 7 who saved the day by instructing staff on how to handle her correctly and what to do to find her owner. We then discovered that Deirdre had travelled all the way from Northern Ireland. Her owner was astounded that she had travelled so far as she is only 2 months old. Deirdre was then transported to Yr 11 Harvey Yemm's house as they are experts in Racing Pigeons. They are now going to arrange to courier Deirdre back to her owner in Northern Ireland

# Theme of the week

## Memories

There are three types of memory:

**Sensory memory** - takes in all visual and auditory information received for a few seconds

**Short-term memory** - often includes events from 30 seconds to several days ago

**Long-term memory** - can hold an unlimited amount of information for a very long time. **This is where crucial knowledge needs to be.**

The more often you share  
what you've learned,  
the stronger that  
information will become  
in your memory.
