Community Day has been amazing! We were lucky enough to help out at the Salvation Army and the RMS Leaders did an absolutely fantastic job. They helped with the food bank, made up food parcels, sorted gifts, set up for the Christmas meal, served the meal and then cleared up afterwards. The wonderful Julie from the Salvation Army said the pupils were a credit to the school. It was fantastic to help our local community and meet some lovely people. Well done RMS leaders, you did us proud today- Miss Owen

Careers Week

Day 1

Wow! What a first (busy) day of Careers Week. Today we have not only had lots of sessions going on in lessons such as budgeting in Maths lessons, learning about farming in Food Tech, Letter Writing and advertising products in English lessons and even Archeology in History lessons (to name a few). We have also had lots of visitors in school:

- Samantha Jayne Photography - Samantha came in to work with our Year 9 and 11 Photographers.
- Jill Clewes Academy came in to work with some of our Performing Arts students
- Mrs Hawkins took a small group of pupils to Reaseheath College for a campus tour
- The PE department hosted taster sessions with Newcastle Town FC and Andy Griffin (Football Academy at Newcastle College)
- Cheshire college came in and delivered A level taster sessions to some of our Languages pupils.

Day 2

What a fantastic day today! Pupils have been exceptional as they have taken part in their rota of Careers/Life/Post 16 activities. They have put in lots of effort and have taken something from the sessions. Thanks so much to our visitors/employers who have given up their time today!

Year 7

Year 8

Year 9

Year 10

Year 11

Day 3

Whilst the rest of the school continued with their careers focused lessons, Year 11 were put to the test as they interviewed for 'fake' jobs in their mock interviews. We were so lucky to have 17 volunteers from the world of work, give up a day of their time for our pupils. The pupils were nervous but took every part of the process seriously. We were incredibly proud and humbled by their approach and once again, they proved what being at CCSC is all about! Well done Year 11

Day 4

Our final day of Careers Week and the pupils have really engaged and enjoyed their lessons focusing on careers/post 16 and life skills!

Today we have more lesson on budgeting in maths - pupils had to work out their monthly earnings and their bills.

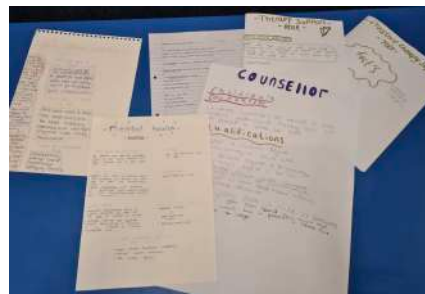

In English, classes continued with their formal letter writing, interviewing and advertising but also considered the characters in the literature texts that they are learning about and assigned jobs to them according to their skills and qualities.

In Business Studies we were lucky enough to have career talks with Neil Smith from TBM Rail. He talked about his career and business and gave the pupils a real insight.

In Photography, Year 9 designed their own Photography Business looking at branding, websites and logos. Whereas Year 10 and 11 looked at interesting jobs using Photography as a skill and we had a good look at how drones have added another dimension to the skill of a photographer.

In Technology, pupils had a visit from Achieve Training who gave a Post 16 talk followed by a workshop activity.

The pupils have gained so much from this week and we look forward to plenty more activities like these in the very near future!

A HUGE well done to our Year 11 winners of the interview process from this week. Each pupil had to submit a CV and application form for one of six fake jobs and then be interviewed by one of our 17 employers. The feedback that they received was fantastic and every pupil who took part, impressed with their attitude towards the process.

The final winners were:

Engineer - Aiyana Stanier Filip and Evan Smith

Retail Assistant - Harvey Price and Ebony Clowes

Hairdresser - Abbie Meakin

IT Technician - Arif Ahmed and Kayden Jones

Painter and Decorator - Joe Smith

Early Years Practitioner - Liam Chamberlain and Honey Neale

WHO'S WATCHING WHO?

For some months Mr. Freakley and his wife have been filming and as winter came, supplementary feeding a pair of foxes that visit their garden at night. They are filmed at night using a motion activated camera (trail cam) which can be moved around the garden and records in low-light conditions. More recently the female (vixen) has been glimpsed occasionally during the day but recently she came to “watch” them. In time it’s hoped that she may bring some cubs with her.

The **red fox** (*Vulpes Vulpes*) is the largest of the true foxes and one of the most widely distributed members of the order Carnivora, being present across the entire Northern Hemisphere plus parts of North Africa. In the UK the population of urban foxes is now much larger than previously thought although the precise reasons are unclear. Research published last year has found that urban foxes have shorter and wider muzzles relative to rural foxes, smaller braincases and smaller size differences between male and female.

When animals of the same species are different in some way this is called **variation**. Variation can be **genetic** and can be caused by differences in **genes** that are **inherited**. Variation can also be **environmental**, which means that it is as the result of the conditions in which an organism **lives**.

In foxes, as in most species, the species variation is caused by a **mixture** of **genetic** and environmental **factors**.
